ILLNESS PROCEDURES

The YMCA has an illness procedure to ensure the health of all the children and staff at the facility. Each case will be handled on an individual basis. Parents/guardians will be notified to pick up their child within one hour if a child is showing symptoms of any of the following:

TEMPERATURES: Children with a fever of 101 will have to stay home for a full 24 hours. If parents are called to pick up a child that has a temperature above 101, they will need to stay home the next day. Child may return after 24 hours of being fever free without medication.

PINK EYE: If the drainage in the child’s eye is yellow or green, it is mostly likely an infection and is probably contagious. The child needs to be taken home as soon as possible. The child must be on medication 24 to 48 hours and their eyes must no longer be draining before returning to childcare.

DIARRHEA: If the child's diarrhea is explosive, i.e. running down their legs, all over themselves, or the toilet, then the child needs to be sent home as soon as possible. Child may return to childcare after 24 hours of no diarrhea.

RASH: If there is any rash on the child's body, they need to be taken to the doctor and may return with a Doctor's note stating what the rash is and that it is not contagious.

LICE: Child may not come to childcare until all nits and eggs have been removed from hair. Staff will do a thorough head check when child returns to the program.

THROWING UP: Child must picked up as soon as possible and may not return to the program for 24 hours without throwing up.

OTHER ILLNESS: Persistent runny green nose, coughing, headaches, stomach aches, lethargic behavior, pulling on ears and persistent crying will result in your child needing to go home.

RESTROOM SUPERVISION CONTINUED...

- Staff will make sure the restroom is not occupied by suspicious or unknown individuals before allowing children to use the facilities.
- Staff will stand in the open doorway of the restroom while children are using the restroom. This allows for audio supervision of children, privacy for children and protection for staff (not placing them in the position of being alone with a child).
- In case a younger child needs assistance, doors to the facility must remain open and a second staff is asked to be present.
- No child, regardless of age, should ever enter a bathroom alone on field trip or at another off-site location. Children must always be sent in threes with a staff member.

OTHER POLICY AND PROCEDURES

- Other than diapering, medical emergencies, or in parent approved special needs situations, children are not to be touched on areas of their bodies that would be covered by a swimsuit (the majority of the torso). Staff is trained how to deliver appropriate touch (as long as the child is comfortable) including high fives, a gentle hand on a shoulder, or a shoulder-to-shoulder side hug, if a hug is initiated by the child, etc.
- Y staff may not be in contact with participating children outside of the program for any reason.
- Y staff may not babysit participating children outside of the program. Please support this policy by not asking Y staff to care for your child outside of the program.
- Y staff members are not allowed to communicate or engage with participating students via Facebook or any other form of social media.
- Using a personal cell phone or camera to take photos of Y participants is prohibited unless permission has been provided by CEO or Director of Marketing.

I have read and understand the above policy and procedures.
