I understand that The YMCA is not responsible for my child during the time they are in an outside activity not run by The YMCA. My child is responsible for walking directly to this activity and is not under the care of YMCA until signed in after the program ends. If I pick my child up prior to the program ending and my child will not be attending The Y I will make sure I inform The Y. (Kindergartners will be signed out of The Y and a staff member will walk them to their activity.)
